

ŌTOROHANGA COLLEGE

WEEKLY HIGHLIGHTS

Semester One, Week Seventeen - Tuesday 6th June- Friday 9th June 2023

SCIENCE FACULTY

This week the Year 9 and Year 10 Science students have been participating in the Education Perfect Sustainability Oceans Competition.

Through the Module Let It Grow Year 10 students have been creating a native tree garden and planting colourful plants.

Congratulations to our NCEA Level 2 and 3 Science students, who through hard work and commitment have achieved an Internal Assessment at Excellence this term. They are: Laura Hunt, Sian Hobbs, Paige Martin, Henry Murchie, Kiera Mansell, Samuel Connolly, Luke Coles and Callum Raine .

WAIKATO CROSS COUNTRY

What a superb day at Waipuna Park, Tauranga for our athletes to be running in the Waikato Bay of Plenty Secondary Schools Cross Country Championships.

CHESS

Today six of our students braved the cold to be at the College at 7:30am. Armed with only their wit, they took part in the Senior Power Regional Chess Tournament in Hamilton. During this event they competed in teams and as individuals against many other schools from the region. They excitedly competed for a chance to qualify for the Chess Power Teams National Finals and the Champions' Trophy. Most importantly, our students were exposed to a brand new experience and were true ambassadors of Ōtorohanga College throughout the day.

Empowering learners to succeed
