#### **HELPING YOUR CHILD:**

##### **Maths:**

With the revised curriculum implementation taking place there are significant changes to the expectations for our ākonga/students.

At 3 way conferences we will share some of the changes so that you have the knowledge to support and encourage the growth of your child's learning in this area.

##### **Attendance:**

A guide for parents and caregivers

(<https://parents.education.govt.nz/essential-information/attendance-every-day-matters/#expectations>)

Every day counts towards your child's learning at school. Attending school gives your child the best opportunity to realise their full potential and do well in life. The above link shares expectations for parents and caregivers:

Parents are legally required to enrol their children and make sure they attend school every day.

- Parents play a big role in helping their children do well in school. You can do this by making sure your child goes to school every day and letting the school know if they're sick.
- If your child is unable to attend school you must let the school know the reason why.
- Family holidays or taking time off for extracurricular activities are not acceptable reasons for being absent.
- You are responsible for letting the school know if your children are moving schools and you need to make sure you enrol your children in their next school right away.
